EDUCATION

Bachelor of Engineering
Bowen University - Iwo

Osun State, Nigeria

Mechatronics Engineering
2020 - 2025

SKILLS

Technical Skills

- Python
- **Machine and Deep Learning**: NumPy, Pandas, Scikit-learn, TensorFlow, Keras
- Artificial Intelligence
- **APIs:** RESTful APIs, Flask, Postman
- **Data Visualization:** Seaborn, Plotly, Matplotlib
- WordPress, HTML5, CSS, Javascript
- **Version Control:** Git, GitHub
- **IDEs:** Jupyter Notebook, PyCharm, VS Code

Soft Skills

- Teamwork and Collaboration
- Problem Solving
- Critical Thinking
- Learning Agility

PROFESSIONAL SUMMARY

Enthusiastic student with a keen interest in machine learning, artificial intelligence, and data science. Passionate about integration into working industries, committed to continuous learning and growth. Passionate about leveraging technology to solve real-world problems, excited to contribute to innovative projects and make a meaningful impact in the field of data-driven solutions.

WORK EXPERIENCE

NITDA (National Information Technology Development Agency)
NCAIR (National Center for Artificial Intelligence and Robotics) - Intern

- Active participation in Data Science projects and tasks
- Embedded systems training ; Arduino, Raspberry Pi, ESP32
- Machine Learning and AI applications to real world problems

March 2024 - Present

NASRDA (National Space Research and Development Agency)

Intern

- Introduced to mechanical systems and major components
- Gained experience with electronics (circuits and components)
- Involved in embedded systems mini projects

June 2023 - September 2023

GrowMyCompany

Web Developer - Remote

- Designed web pages to enhance branding and navigation
- Configured and optimized the website's content management system (CMS) for ease of use and efficient content updates
- Designed responsive WordPress concepts based on strategy.
- Integrated essential WordPress plugins to enhance website functionality.

July 2023 - August 2023

virtualousPRO

Data Entry Specialist - Remote

- Managed and organized large volumes of data efficiently.
- Conducted thorough reviews of data entries to identify and correct errors
- Communicated with the client regularly to understand data requirements and ensure task alignment with project goals
- Prioritized tasks to meet tight deadlines without compromising on data quality.

March 2023 - March 2023
